That Theatre Company is proud to present **Rub-a-dub-dub** - a dark comedy about the endurance of human friendship against a backdrop whereby Artificial Intelligence (A.I.) is becoming indispensable in our technological, brave new world.

SiSi is a replicant programmed to tell the truth. It is not a choice for her – it is hardwired in ones and zeros. She observes the 3 humans in this story and records everything. She can even analyse their biometric data and give hints as to how healthy (or not) they may be. When Neil, effectively her owner, announces that he plans to undergo euthanasia, emotions run high. This is when “SiSi the observer” becomes “SiSi the participant”, and discovers that to be human you sometimes have to bend the truth.

Welcome to Rub-a-dub-dub. Welcome to the Future.
